MOLDINGS

MOLDINGS

DINGEWOOD MOLDINGS are known for their killer look and cutting edge style.

For generations our craftsmen have been working to bring our customers the finest quality, most beautiful wood moldings. Our wood moldings provide warmth and beauty to your home. Our hope is that you'll find the right style to compliment whatever DINGEWOOD design you choose to create for your home. As you find the proper moldings for your home, you can customize the product by selecting your choice of wood species, distressed wood and pre-finishing options.

We specialize in serving the needs of building products distributors, millwork and cabinet manufacturers, flooring distributors, architects and designers, custom cabinet makers and fixture manufacturers. As both a wholesaler and manufacturer, DINGEWOOD is one of the largest producers of specialty moldings.

Our highly integrated production process affords us the ability to price our moldings competitively while delivering the highest quality moldings and services in the market. In addition to our collection of architecture-grade moldings, we have access to an extensive inventory of more than 100 different species of domestic and exotic lumber through our affiliated lumber yards.

MOLDINGS

MOLDING INFORMATION

DINGEWOOD MOLDINGS are known for their pristine construction and flexibility of design. Moldings are constructed in state of the art facility and can be shipped throughout the nation.

Moldings are available in a variety of hardwood species, including:

- Alder
- Knotty Alder
- Cherry
- Pine
- Poplar
- Birch

All DINGEWOOD molding is factory finished with earth friendly products and can sealed with a protective coating. Molding may be shipped anywhere in the country.
